Beef Loin, Tenderloin 4-5

Product Code: A390331

GTIN: 98568020002169

Product Specification:

This item is derived from a full loin except the side muscle, or psoas minor shall be excluded. This item shall be practically free of surface and wing fat (fat lying between the main body of the tenderloin and the iliacus(wing muscle). Product weight shall be between 4 to 5 pounds.

Defect Criteria:

1. Scores will not exceed ¼ "deep by ½" long. Scores will be trimmed/faced to upgrade the product to #1. Facing cannot remove more than ¼ of the main body of the tender (leaving ¾ of the original diameter).
2. "Shingles" will be trimmed to less than ¼" deep when measured in the direction /depth of the cut.
3. 1" of wedge fat will be left in the cleft of the ear as long as the ear is attached and the membrane covering the fat is intact. The adjacent lean will be firmly attached.
4. All tag ends and blood clots will be removed.
5. All product woody in appearance will be sent to trim.
6. No dark cutting or callused beef
